

# Intro Ceramics/Sculpture

## **Coil Forming Technique**

# Coils

We are going to be creating a **vessel**.

A **vessel** is a container, such as a bottle, cup, vase, or bowl.

# Exposed Coil

# Blended Coil

# Student Examples

# Assignment Requirements

- Complete 5 sketches and/or collect 5 images for inspiration.
- Create a structure that uses coils as the main construction element.
- The structure needs to have at least one form change.
- The form must be at least 5 inches (12 cm) in one direction.
